The central infotainment screen displays a blue-tinted interface. At the top, it shows "Sport+" and a list of driving modes. The main area features a 3D car model on a track with a selection bar below it containing "E", "C", "S", "S+", and "I*", where "S+" is highlighted. Below this is a climate control section with "LOW" settings on both sides, "MAX", "REAR", "AUTO", "Climate menu", and "A/C" options. At the bottom, a physical touchstrip contains icons for "DYNAMIC", parking, car, hazard, power, mute, and volume.

DYNAMIC P Car Hazard Home Power Signal - +

Detailed description: This is a large, vertical, multi-touch digital display in a car's center console. The screen is divided into several sections. At the top, it shows the current location "16C St" and the time "10:56". Below this is a graphic of two car seats, one for the driver and one for the passenger. The main section is titled "Seat Ambient light" and has two tabs: "Seat" and "Ambient light". Under the "Seat" tab, there are two sub-sections: "Seat kinetics" and "Position seat automatically". The "Position seat automatically" section has two large circular buttons with play icons, one for the "Driver" and one for the "Passenger", each with a gear icon below it. The "Ambient light" section is currently inactive. At the bottom of the screen, there are two large circular climate controls, each with a "LOW" label and a fan icon. Between them are icons for "MAX" defrost, "REAR" defrost, and "AUTO" climate. Below the climate controls is a "Climate menu" button and an "A/C" indicator. At the very bottom of the screen is a horizontal bar with several icons: "DYNAMIC" mode, a "P" (Park) icon, a car icon, a red triangle hazard warning icon, a home icon, a power icon, a signal strength icon, and volume control (+/-) icons.

DYNAMIC P [Car icon] [Hazard icon] [Home icon] [Power icon] [Mute icon] [Volume icon]
